

1. Open **Windows Menu** (bottom left on task bar)
2. Select **Settings** (gear icon, second from bottom, far left)
3. Select **Update & Security**
4. Make sure **Windows Update** is selected on left menu
5. Click **'Check for Updates'** button
6. Under **Optional Updates**, Select the **Cumulative Update**
7. Click **Download and Install**
8. Wait for Update to Complete Download and Installation (may take some time)
9. Restart PC
